

# The evolution of MaaS

2nd February 2018

# About Us

- 3F EV Limited is an award winning company incorporated to provide an all-electric mobility service to individuals and businesses via rental, sharing & executive chauffeur services. The Company has a fleet of the game changing Tesla Model S and X and is the first UK rental company with a car share scheme that includes a growing fleet from private individuals.

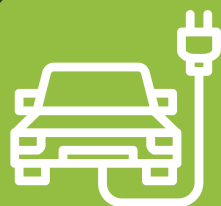

# The Future of Transport

The cars of the future will be:

3F EV  
DRIVE ELECTRIC

Electric

Connected

Autonomous

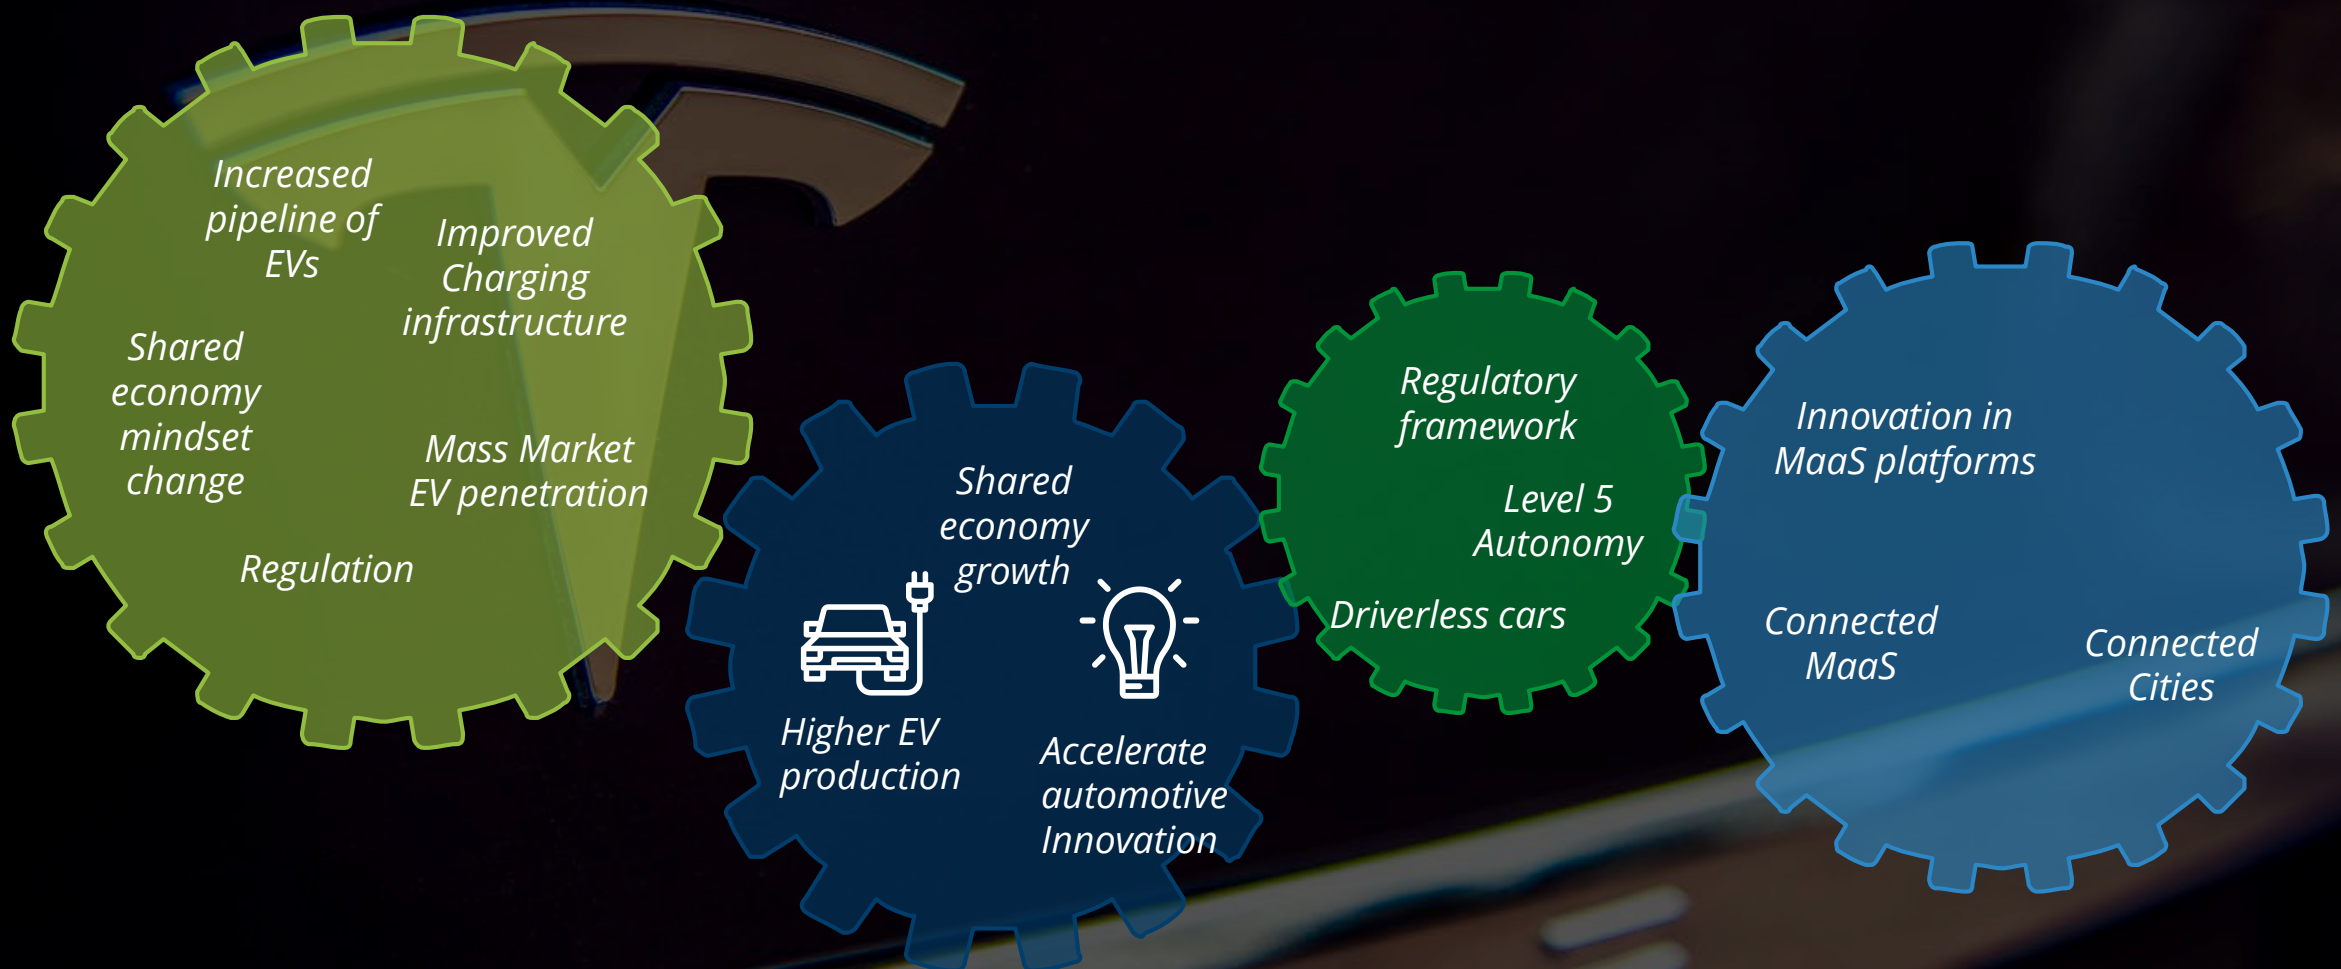

Shared

# Future of MaaS

## Electric. Connected. Autonomous. Shared...

One where all of these trends will combine for a powerful impact.

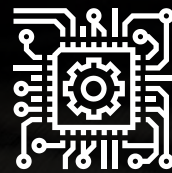

# Challenges or Opportunities?

Education

Infrastructure

Technology

Regulation
